YOUNG MAN CHARGED WITH REVOLTING CRIME

Cager Edwards, aged 25 years, was given a preliminary hearing in Judge Rawlings' justice court yesterday on two charges of rape and held to await the action of the next grand jury. Bond has not been fixed, but it is thought that it will be high enough to keep Edwards in the county jail, where he has been incarcerated since last Sunday.

The alleged crime of Edwards is of a shocking nature, his victims, who appeared against him yesterday, being his two nieces, Lulu and Ludie Carter, twins, who will not be 14 years of age until next May. The condition of both was learned by a Globe woman who visited the Carters at their home at Miami Flat, and she immediately informed the sheriff's office. Sunday Deputy Sheriff Duncan arrested Edwards and the next day brought the two girls to Globe and placed them with friends.

It is possible that the grand jury which has been summoned for the Roosevelt murder case will also take up the case of Edwards.

SKATING TOURNAMENT IS WON BY NUGENT

The skating tournament at Dreamland closed last night with the biggest crowd of the season present. There was intense interest, every contestant having admirers who were willing to place their surplus finances on their favorite. Lacey, who appeared to be the favorite, got off well at the start, but Nugent in passing him threw him off his feet and Lacey was as good as out, although he made a game attempt to land inside the money.

Nugent was never headed after he took the lead from Lacey, although it appeared to the spectators that Baumgartner could have passed him if he had let himself out. They were only a few inches apart when the tape was crossed at the end of the last lap. Keegan came in a good third and Floyd Blevins "also ran." First money, \$50, went to Nugent, \$30 to Baumgartner and Keegan took the small end of the purse, \$20.

As an aftermath to the tournament it is expected that there will be innumerable challenges tossed back and forth and some exciting match races can be looked for. Floyd Blevins blames his trainer for his defeat, claiming that he lost his old-time speed because the trainer insisted on his cutting mince pie from his diet.

"CLOCK TALK"

Josh Billings once said:
"Tell the truth in all your ads, and you will get bizness."

We thoroughly believe in this idea and can therefore state that we have a clock proposition that should interest every merchant and professional man in Globe.

If you have a clock in your office or store that does not give satisfaction drop us a postal or if you haven't a clock let us know and we will make you the following offer:

1. Place a good reliable regulator worth \$37.50 in your office or store.

2. We will see that the clock is wound, regulated and kept in perfect order continuously.

3. You pay for the clock at the rate of \$2.50 a month and at the expiration of fifteen months the clock is yours.

4. We continue to care for the clock after it is paid for without further charges.

Twelve of these clocks have been sold. Can we put you down for an oak or cherry?

Let us know at once.
